Ref .../737

Dated 15/12/2020

To,

The Principal
Gobindgarh Public School
Mandi Gobindgarh

**Subject: Certificate of Safe Drinking water, Heath and Sanitation Environment
of the School**

Dear Sir,

Reference to letter no GPS/MO/EO/2010-2021 dated 14 December, 2020 with the subject cited above. In the aforementioned context, it is submitted as:

1. The spot inspection had been undertaken for the Gobindgarh Public School, Mandi Gobindgarh on 15 December, 2020. During the inspection, school was found well-equipped with reverse Osmosis Drinking water systems which caters to the drinking water needs of the students and staff members.
2. It has also been observed that school have Sewage plant installed in the campus which helps to dispose of the waste water in highly hygienic and environmental friendly way.
3. Furthermore, Team has also inspected the Sanitation facilities of the Institute and have found that there is separate provision of toilets for girls and boys for students as well as staff members. The school has ample number of clean and hygienic in each and every block.

The inspection team has found that the School is well equipped and has all the requisite facilities Tor safe drinking water, health and sanitation environment for students as well as staff members.

Hence, Gobindgarh Public School, Mandi Gobindgarh is certified as the School with Safe Drinking Water, Heath and Sanitation Environment of the School
