Dear Parents & Uniform Vendors,

Greetings!

Subject: Reminder – Applicability of SPA Summer Uniform from Class Nursery Onwards.

This letter is in reference to the previous letter no. GPS/CIR/STU/2025-26/11 dated 22-01-2026 to reiterate that the new Summer Uniform (SPA Uniform), which was introduced by the school in the academic session 2025–26 and implemented from Class III onwards, will be applicable from Class Nursery onwards from the academic session 2026–27.

This step has been taken to ensure greater uniformity, comfort, and consistency across all classes. Parents are requested to take note of this update while purchasing uniforms for the forthcoming session. Uniform vendors are requested to ensure adequate availability of the SPA uniform for all classes beginning from Nursery.

Please note that the specifications of the SPA uniform remain unchanged. The detailed circular, along with uniform images, has already been uploaded on the school website and is being reattached here for ready reference.

Dear Parents & Uniform Vendors,

Greetings!

Subject: Applicability of SPA Summer Uniform from Class Nursery Onwards.

This is to inform all stakeholders that a new Summer Uniform (**SPA Uniform**) was introduced earlier by the school in the academic session 2025-26, wherein it was made applicable from Class III onwards.

In continuation of the same and with the objective of maintaining uniformity, comfort, and consistency across all classes, from the academic session 2026-27, the SPA Summer Uniform shall be applicable from Class Nursery onwards.

All parents are requested to kindly take note of this change while purchasing the uniform for the upcoming session. Uniform vendors are also requested to ensure the availability of the SPA uniform for all classes, starting from Nursery.

The detailed specifications of the SPA uniform remain unchanged. A detailed circular, including pictures of uniforms, has already been uploaded on the website; we are reattaching it for reference.

Your cooperation in implementing this decision smoothly is highly appreciated
